

## **Welcome, PMAC to the 2010 – 2011 PMAC Year....**

And your **new website!!** We have had a steadfast team of dedicated people who have spent many hours researching, planning and developing this new website! We listened to what you wanted, searched for a web designer who could work with our organization and have delivered a great new website. We now have a **Calendar of Events** that **links directly with CVent** for event registration. We have **information on volunteer opportunities** and who to contact. We will be able to bring you the most current information on **Certification programs** and Review classes. Our **Photo Gallery** has dedicated pages for all of our events. A new **Sponsorship Program** incorporates many opportunities for sponsors to advertise their products and services. Our **Resources** are packed full of information from the ROB to Education and Development programs. Our **Members Only** section allows for member search, dinner presentation viewing and this is where we will concentrate **our first two growth projects – A Jobs and Resume Bank and getting PMAC LinkedIn!** Many, many thanks goes out to the Technology Committee of Amy Gress, Denise Lachowski, and Kevin Fox – and their families!

Amy, Denise and Kevin will be presenting some of the features and upcoming plans for the website at the September Forum. Please take several minutes to click through the site – and then tell the Technology Committee your thoughts at [Technology@PMAC.org](mailto:Technology@PMAC.org) **They would love to hear from you!**
